Guardrail Dahu

Guardrail - Fresk

<p>The Kostum brand is always looking ahead. To create new designs, it called on the architects at Cutter Design, based in their Paris studio.
This collaboration gave rise to, among other things, the Madras design, a subtle blend of geometric shapes. This design will allow you to add a touch of designer style thanks to its laser-cut metal sheet. Featured designs: Madras, Saon, Aod, Mellan, Brodiri and Brocéliande.</p>
